

# Dyna Turn Equipment List

## CNC Turning Centers

- **(4) Ikegai**, 6" chuck, 16 swing over bed, 7"x10" travel,
- **(6) Okuma**, 8" chuck, 16" swing over bed, 9"x 20" travel, tailstock,
- **Okuma**, 8" chuck, 20" swing over bed, 13"x20" travel, tailstock
- **Okuma**, 12" chuck, 20" swing over bed, 13"x39" travel, tailstock
- **Okuma**, 15" chuck, 4" thru hole, 19" swing, 14"x49" travel, tailstock
- **Hitachi Seiki**, 10" chuck, 22" swing over bed, 9"x 24" travel, tailstock,
- **Mori Seiki**, 12" chuck, 25" swing over bed, 10"x24" travel, tailstock
- **Mori Seiki CNC Lathe**, 7" chuck, 17" swing over bed, 5"x22" travel, tailstock

## CNC Vertical Machining Centers

- **Hundai** 20 x 47" Table, X-axis 43", Y-axis 20", Z-axis 25"
- **Haas** 18 x 52 table, X-axis 50", Y-axis 20", Z-axis 25"
- **Amera Seiki** 20"x48" table, X-axis 40", Y-axis 20", Z-axis 25"
- **Hitachi Seiki** 22"x50" table, X-axis 28", Y-axis 18", Z axis 18"

## Conventional Machining

- Webb Engine Lathe 17" X 40" with 10" chuck
- Kopings Engine Lathe 16" X 60" with 16" chuck
- Pratt Whitney Engine Lathe 12" X 30"
- Hardinge HSL quick acting Speed Lathe
- Hardinge HLV Super Precision Toolroom Lathe
- Feeler Precision Toolroom Lathe
- Monarch Precision Lathe 12.5" X 20"
- (3) Bridgeport Milling Machines with digital position readout
- Hurco Milling Machine with DRO

## Automatic Sawing

- **DoAll** Automatic Horizontal Saw, 12"x16" capacity with roller conveyor
- **Hyd-Mech** Model H-12 Automatic Horizontal Saw, 12"x12" capacity with bundling option
- **Wellsaw Horizontal Saw** 13" x 16" capacity

## Misc. Equipment

Drill Presses, Sanders and Grinders, Hydraulic Presses, Fork Lifts, Air Compressors  
Vertical and Horizontal Bandsaws, Arc and MIG Welders, Heat Treat Ovens,  
Ultrasonic Cleaning and Degreasing, Bead Blasting and Sand Blasting  
Includes all miscellaneous equipment needed for support.

## Test Equipment and Measuring Instruments

All gauges are calibrated and master gauges are traceable to national standards.  
Hommel Surface Analyzer, Federal Surfanalyzer/Profilometer, Mitutoyo Optical Comparator  
Includes all measuring instruments, inspection equipment, and tooling needed  
to run a successful CNC machine shop and manufacturing facility.
